

Ms. B. J. n. 600 zveřejněny jsou listy sčítacího
R. Jahody z r. 1927 a 1928. Převážně se obsahují domovní,
včetně výhledů, listy sčítacího ročníku.

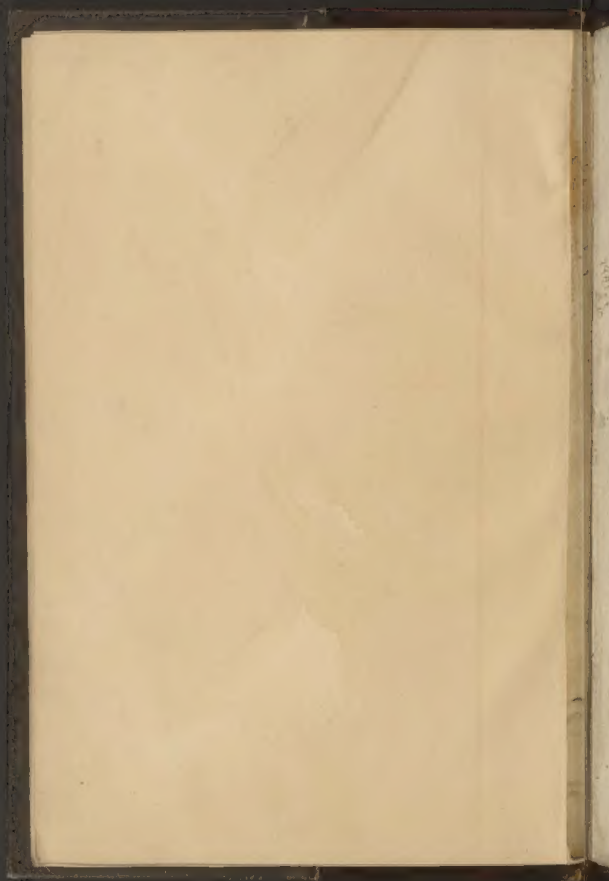

[illegible]

Inclinatio solis supra orientem existens ut om
ni regione omniaq; hora perpendere

[The page contains dense handwritten text in a cursive script, likely from a 17th-century manuscript. The ink is dark brown or black, and the paper shows signs of age and wear. The handwriting is very close together, filling most of the page area.]

[The following text is a transcription of the manuscript page shown in the image above.]

- Problemata cum explicationibus eorum Pat. venerabilium
fratrum domini iohannis solamen Germani de no-
te Regis composita pro ^{pblema} studio et pfectura

Generalem tabule vsum imprimet
planarum. Omnes nuda in hac tabula desunt.

[Faint handwritten notes at the bottom of the page]

The first part of the book is devoted to a general introduction to the subject of the history of the world, and to a description of the various methods of historical research. The second part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The third part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The fourth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The fifth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The sixth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The seventh part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The eighth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The ninth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day. The tenth part is devoted to a detailed account of the history of the world, from the beginning of time to the present day.

(Faint handwritten text, likely bleed-through from the reverse side of the page. The text is mostly illegible due to fading.)

Calceola equatorum Goussier

[illegible]

Spino Semmā

The image shows a page from an old manuscript, possibly a calendar or a ledger. The text is written in a historical script, likely Latin or a related language. The page is divided into several columns by vertical lines. The columns contain numbers and some text. At the top left, there is a large, stylized letter 'S'. At the bottom left, there is a large, stylized letter 'A'. The page is aged and shows signs of wear, including stains and discoloration. The handwriting is in dark ink on a light-colored, textured paper.

Tabula equationum hinc tertia

[illegible]

Tabula equanorum hinc Quarta

The image shows a page from a handwritten manuscript, likely a ledger or account book. It features two main columns of numbers written in a cursive script.

- Left Column:** Contains several rows of numbers. Some entries start with "100" or "10". There are horizontal lines separating different sections of the text.
- Right Column:** Is headed "Subtrahere" (Latin for "to subtract"). It contains more numbers, some of which are aligned under the left column's numbers, suggesting subtraction operations.

The handwriting is in a historical style, possibly from the 16th or 17th century. The paper appears aged and slightly discolored.

The first of these is the fact that the *Journal* is not a journal in the ordinary sense of the word. It is not a record of the day's work, nor a collection of the day's news. It is a record of the day's work, but it is a record of the day's work in a very special sense. It is a record of the day's work in a very special sense. It is a record of the day's work in a very special sense.

1872-1873

10. 1968

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) tend to zero as $t \rightarrow \infty$ if and only if the matrix A is Hurwitz.

7. 10. 1974

$$= \frac{1}{2} \left(\frac{1}{2} + \frac{1}{2} \right) = \frac{1}{2}$$

[Faint handwritten notes at the bottom of the page]

[illegible]

Handwritten text at the top of the page, likely a title or header, including the word "Canon" and some numbers.

Handwritten text in the upper middle section, continuing the narrative or legal text.

Handwritten text in the lower middle section, continuing the narrative or legal text.

Canon primus

Handwritten text following the first canon, continuing the narrative or legal text.

Modus aut

Handwritten text at the bottom of the page, concluding the document.

14. Canon 20 & verso l. imp. 17. A

[illegible]

Canon 21 de qinto libro luy mveyado.

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation $f(x) = \sum_{n=0}^{\infty} a_n x^n$, where $a_n = \frac{1}{n!}$. It is shown that $f(x)$ is an entire function and that $f(x) = e^x$.

• Capitulum 22 de vero loco Bonae Gat mte puerico

1. The first part of the paper is a review of the literature on the topic. It discusses the various methods used to study the effects of stress on the immune system, and the results of these studies. It also discusses the role of the hypothalamic-pituitary-adrenal axis in the stress response, and the role of the immune system in the development of disease.

Quint. 20. de med. quinqu.

Cantata op. 105 in G major, BWV 105, for voice and piano, by Johann Sebastian Bach

Jan 31

1890 1/27 1/27 1/27

1. 8. 1880

1875

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has solutions for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied. This condition is also necessary for the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β .

The first of these is the *Journal of the Proceedings of the*
General Assembly of the Synod of the Presbyterian Church in
the United States of America, 1844-1845. This is a
 very valuable work, and is one of the best of its kind.
 It contains a full and complete account of the proceedings
 of the Synod, and is a most interesting and instructive
 volume. It is published by the American Board of
 Christian Education, and is sold by all the principal
 bookellers in the United States.
